ONE-ON-ONE TRAINING

IDEAL FOR YOUNG PUPPIES, ROWDY ADOLESCENT DOGS OR DOGS WITH BEHAVIOR ISSUES

While your dog is staying at Pooch Hotel, why not get expert behavioral training for your dog? Stacy, a Certified Professional Dog Trainer and Behaviorist, will come and work with your dog one-on-one while they are here for daycare or overnight boarding. Then all you need to learn is how to maintain the training once your dog already knows his part!

Stacy will spend an hour each day as your dog's personal trainer working on basic manners, obedience commands, behavior problem solving, or any other aspect of training or behavior modification that you desire.

What to expect:

- Initial evaluation meeting to discuss training goals for your dog
- Determine number of weeks needed to achieve goals
- Stacy demonstrates methods and recommends techniques to be used immediately
- Stacy works with your dog one-on-one for three to four sessions per week
- Each session concludes with a progress report to you, and weekly summary meetings are available

PRICING:

Expert Personal Trainer appointments are \$120 per session.

Discount Packages:

- One week of training is \$550 (\$50 in savings)
Includes: one evaluation session, three training sessions, and one transition session
- Two weeks of training is \$860 (\$100 in savings)
Includes: one evaluation session, 6 training sessions, and one transition session
- Three weeks of training is \$1240 (\$200 in savings)
Includes: one evaluation session, 9 training sessions, and two transition sessions

All day training includes unlimited email support.

GROUP TRAINING

PUPPY KINDERGARTEN

Wednesday evenings 7:30-8:30 PM
Starting January 6, 2010, at [Pooch Hotel](#)

This is the first part of the basic series but designed especially for young pups (8-20 weeks). This is a traditional class running six consecutive weeks. The first week is an orientation without your dog, with exercises for you to work on with your dog at home.

This class will teach the commands "Sit", "Down", "Come", "Stay", "Leave it" ("off"), and "Settle" as well as teaching the dogs to walk on a loose leash, greet people and other dogs politely, and allow physical handling. We'll train them using voice commands, hand signals, lures and leashes, and we'll introduce the training clicker. Learn how to gain immediate control of your dog on-leash, even in distracting environments. Puppy Kindergarten will also address housetraining, biting, chewing, digging, barking, jumping up, and problem solving. All your questions about dog behavior will be answered, and dogs will get some chances to socialize — one of the most important factors for a well-behaved, happy dog. This class sets the basis for good manners all the time, everywhere!

Puppy Kindergarten is for pups 8-20 weeks of age (at the start of class), with at least one set of vaccination shots given 7-10 days before the second week of class (the first week that puppies attend).

COMPANION DOG I: BASIC OBEDIENCE PART ONE

Wednesday evenings 6:15-7:15 PM
Starting January 6, 2010, at [Pooch Hotel](#)

This is the first part of the basic series. This is a traditional 6-week class, where the first week is an orientation without your dog, with exercises for you to work on with your dog at home.

This class will teach the commands "Sit", "Down", "Come", "Stay", "Leave it" ("off"), and "Wait at doors" as well as teaching the dogs to walk on a loose leash, greet people and other dogs politely, and allow physical handling. We'll train them using voice commands, hand signals, lures and leashes, and we'll introduce the training clicker. Learn how to gain immediate control of your dog on-leash, even in distracting environments. Part 1 will also address housetraining, biting, chewing, digging, barking, jumping up, and problem solving. All your questions about dog behavior will be answered, and dogs will get some chances to socialize — one of the most important factors for a well-behaved, happy dog. This class sets the basis for good manners all the time, everywhere!

This section is specially designed for puppies over 5 months old and dogs of any age, with at least one set of vaccination shots given 7-10 days before the second week of class (the first week that dogs attend).
